

University of La Salette Library (ULS Library) and Bangko Sentral ng Pilipinas Forge Partnership to Enhance Knowledge Resources

By Vanessa B. Victorio

In a remarkable collaboration aimed at enriching educational resources, the University of La Salette Library (ULS Library) and Bangko Sentral ng Pilipinas (BSP) have joined forces through the Knowledge Resources Network (KRN) Program. As part of this partnership, the BSP will provide a wide range of resources and materials for display, while the ULS Library will designate a dedicated BSP KRN

location within its premises.

The KRN Program, established in September 2017, serves as a platform for sharing valuable knowledge and information among various institutions. Through this program, the BSP has actively engaged in supporting educational initiatives and contributing to the growth of academic communities.

The coordination of the KRN Program from the BSP is overseen by two esteemed individuals, Ms. Maria A. Madriaga and Mr. Dante T. Cambi. Their dedication and expertise have been instrumental in fostering the success of the partnership between the BSP and the ULS Library.

To solidify their commitment, a memorandum of understanding was signed in September 2017 by the President of ULS and the official representative of the BSP. This agreement laid the foundation for a long-lasting collaboration, focusing on the exchange of knowledge and resources.

Last June 30, 2022, the BSP generously donated resources to its network member libraries through the BSP Knowledge Resource Network (KRN). These resources, diligently delivered by Mr. Dante T. Cambi, have greatly enhanced the learning experiences of students and researchers in the ULS Library and other participating institutions.

The inclusion of BSP resources in the ULS Library's collection not only provides students with access to a wider array of materials but also fosters a deeper understanding of finance, economics, and related fields. The dedicated BSP KRN location within the ULS Library serves as a focal point for students and researchers interested in exploring the diverse resources made available through this collaboration.

This partnership exemplifies the shared commitment of the ULS Library and the BSP to promote knowledge-sharing and academic growth. Through their combined efforts, they aim to empower the academic community and contribute to the advancement of education in the Philippines.

As the University of La Salette Library and Bangko Sentral ng Pilipinas continue to foster this fruitful partnership, the possibilities for future collaborations and initiatives within the KRN Program are undoubtedly promising. Together, they are paving the way for a more enriching and resourceful educational environment, fueling the thirst for knowledge among students and researchers alike.
